Subject: Continued Failure to Address Unlawful Actions by Police Scotland – Request for Prime Ministerial Intervention

Dear Prime Minister,

We the People, numbering 92,750, stand as living men and living women, having confirmed our standing with the Common Law Court Great Britain & International (CLC). We stand firmly within the Cruinn Community and write to you with urgency to seek your intervention in an ongoing matter involving Police Scotland and the Lord Advocate's unlawful actions, violations of international law, and the continued failure of relevant authorities to respond to legitimate requests for accountability.

On 25 February 2025, a formal letter was addressed to Chief Constable Jo Farral of Police Scotland, copied to Lord Advocate Dorothy Bain, Cabinet Secretary for Justice Angela Constance, and First Minister John Swinney of the Scottish Government (see attached). The letter detailed serious allegations of an unlawful prosecution, unlawful search and detention, damage to property, kidnapping, and violations of diplomatic immunity under the Vienna Convention on Diplomatic Relations (1961) and the Diplomatic Privileges Act 1964.

Despite a clear request for a response within seven (7) days, no reply has been received from any of the addressed parties. This failure to respond not only demonstrates a lack of accountability but also raises concerns about the adherence of statutory authorities to the rule of law.

1. **Unlawful Actions by Police Scotland** – Including but not limited to unauthorized entry, damage to property, and failure to provide legal documentation during an unlawful search on 10 February 2025.
2. **Violation of Diplomatic Immunity** – Unlawful detention and prosecution of a CLC Diplomat, in direct contravention of international and domestic diplomatic protections.
3. **Failure to Provide Requested Documentation** – Police Scotland has refused to provide search warrants, evidence logs, officer details, interview records, or video and body-worn camera footage.

4. **Refusal to Engage with the CLC Embassy** – Despite prior recognition by statutory authorities of the Common Law Court Great Britain & International Diplomatic Service and its passports.
5. **Failure to Respond to the Initial Correspondence** – No reply has been received from the Chief Constable of Police Scotland, the Lord Advocate, the Scottish Cabinet Secretary for Justice, or the First Minister.
6. **Ongoing Criminal Investigation Against the Lord Advocate** – The Lord Advocate, Dorothy Bain, is currently under criminal investigation by Police Scotland for crimes against the people. This further highlights the absence of a clear separation of powers in Scotland, calling into question the legitimacy of the legal system and the rule of law. The appropriate crime number has already been issued for this case.

Given the gravity of this situation and the continued failure of the responsible parties to address the matter, we formally request your direct intervention to ensure that the following actions are taken:

1. **Immediate Response from Police Scotland** – Ensuring they provide all requested documents, evidence, and explanations regarding the unlawful search, detention and kidnapping.
2. **Government Oversight into Violations of Diplomatic Protections** – A full investigation into Police Scotland's breach of the Vienna Convention on Diplomatic Relations and the Diplomatic Privileges Act 1964.
3. **Accountability for the Unlawful Actions** – Disciplinary or legal proceedings against those responsible for these violations.
4. **Restitution and Compensation** – Immediate arrangements to return unlawfully seized property and compensate for damages.
5. **Prevention of Future Violations** – Establishing measures to prevent further infringements of CLC Diplomatic rights and protections.

This is a matter of both domestic and international significance, and failure to act would set a dangerous precedent for the respect of diplomatic immunity and the rule of law in the United Kingdom. Given the prior lack of response, we request that you acknowledge receipt of this

letter and confirm what actions will be taken within seven (7) days from the receipt of this correspondence.

In conclusion, the international implications of this matter cannot be overstated, particularly in light of the UK's position in the current geopolitical landscape. We trust that you will consider this matter with the seriousness it warrants and take the necessary steps to ensure full compliance with these established diplomatic conventions.

You will obviously be aware that your involvement in this matter will also be of great international significance, given the role that you currently play in the Russian and Ukrainian conflict.

We trust that you will address this matter with the seriousness it demands and look forward to your prompt response.

Yours sincerely,

We the People, represented by John Smith
